

Eastcote Flood Forum Drop-in Session

21st November 2019 17:30-19:00

The Stable, Eastcote House Gardens, HA5 2QS

<https://eastcotehousegardens.weebly.com/>

Parts of Eastcote experienced flooding on 1st October 2019. While a significant amount of information has already been collected, the purpose of this meeting is for residents to share local knowledge and experiences of flooding with Council officers in a collaborative forum.

Attendees: Local residents and organisations and LBHillingdon Council Flood and Water Management Officers. Thames Water.

Key areas to discuss

Welcome and Introductions

Evidence Gathering

Information collected so far by Hillingdon:

- Maps showing drainage catchments for areas affected Eastcote.
- Locations of key assets
- Information on rainfall and river levels collected so far.

Information to be gathered:

- Maps to capture evidence of flooding and confirm current evidence provided.
- Linking individual reports to form a complete picture of the community issues.
- Flood forms to complete.

Opportunities

Capturing local opportunities.

- What can individuals / community / businesses / other organisations do?
- Roles and responsibilities overview

Current projects being explored

- Field End Road rain garden expansion
- Haydon Drive -
- Joel Street Ditch - Work starting spring 2020

Next steps

Information will be collected will be outlined within the Flood report published by the Council. A draft will be circulated to organisations to provide comment on the actions they have taken to comply with their statutory duties.
