

# Notice of works at Dews Lane & footpath closure

February 2020 | [www.hs2.org.uk](http://www.hs2.org.uk)

## Notification

High Speed Two (HS2) is the new high speed railway for Britain. As part of the railway's construction we are continuing preparatory works within Hillingdon.

### U34 Footpath Closure

The U34 Public Right of Way is currently partially closed from Dews Lane to Harvil Road. This closure is being extended northwards to the junction with Bridleway 7 from 2<sup>nd</sup> March to June 2020. Signage will indicate the section of footpath that is closed (see map overleaf) and an alternative route will be available along Harvil Road and Bridleway 7 which is currently diverted across Harefield Moor. This is to ensure public safety during the works including works to modify access around Dews Lane.

### Tree planting

Further tree planting will be undertaken at our site to the north of Dews Lane. This work is expected to be undertaken in the Spring.

### Fencing work continues

Fencing works will continue on land in the vicinity of Dews Lane to secure the area for contractors to work in a safe manner. This will include areas of vegetation clearance, including some trees. Some of this work will require temporary stopping of traffic on Dews Lane under traffic control. These works will be ongoing until late May.

### Archaeological work continues

We have been carrying out works to get a better understanding of any significant archaeological remains which are in this area. Excavation of trial trenching is almost complete in some areas and mitigation works to protect areas of interest have commenced. This work is expected to continue until late May.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

### Duration of works

Work is continuing and will be complete by Summer 2020.

Work will be from 8am to 6pm with a one-hour quiet start-up and shut down outside either side of these hours.

### What to expect

Some additional traffic on local roads

Noise from equipment used for the works

Site storage and welfare vehicle with 24hr security

Footpath closed from 2<sup>nd</sup> March to June 2020.

### What we will do

Manage any impacts, such as traffic and noise with the aim of reducing them

Take care to respect your community and the environment

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
