Off-peak and overnight survey works on M25, Denham to Maple Cross

High Speed Two (HS2) is the new high speed railway for Britain. We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with Covid-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance.

Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review. We have postponed all face-to-face engagement events and meetings and have put in place several channels to communicate with communities, such as letters, phone calls and webinars as well as updates and alerts from each of the local community websites. You can sign up for regular updates in your local area at: www.hs2inbucksandox.co.uk or www.hs2inherts.co.uk.

What works are taking place?

HS2 contractors Align JV will be carrying out temporary survey works on the M25 on both the clockwise and anticlockwise carriageways between Junction 16 (Denham Interchange) and Junction 17 (Maple Cross Interchange).

The survey work, which will be carried out in phases during the daytime and overnight, will last for about three weeks. Works will start on Monday 12 April and are planned until Monday 3 May 2021. Details of the phasing, dates and carriageways affected are listed in the table overleaf. There will be lane closures in place on both carriageways from 9:30am to 4pm each day and overnight from 10pm to 5am whilst the surveys take place.

Advance warning signage will be put in place prior to the works taking place. Whilst disruption will be kept to a minimum, we would remind road users to plan their journeys and to be aware of the temporary closures of the hard shoulders and some of the lanes to allow the works to be carried out safely.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route. www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at: www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at: residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing: complaints@hs2-cc.org.uk

Property and compensation
