

We extend our welcome to all those attending our public surgeries for advice on these or other issues. For more information please visit www.met.police.uk/crimeprevention.co.uk

Coronavirus remains a serious health risk. You should stay cautious to help protect yourself and others.

Dear Ward Member

Please have a read of what the team have been doing.

DROP THE KNIFE SAVE A LIFE!

Carrying a knife or gun is illegal & increases the risk of you & the people around you being injured

STREETS SAFE HEARD OF IT

Giving people the power to report areas where they feel unsafe!

THINK! DON'T DRINK DRIVE!

Drink Driving can have serious consequences and cause loss of life. Don't do it!

Hello and a very warm welcome to the Eastcote Safer Neighbourhood Team's December newsletter. The team have had the pleasure of welcoming our very own new addition to the team, PC NEILD. PC NEILD is on an attachment on our ward for the next 6 months and working alongside the community. Throughout November the team have continued to conduct weapon sweeps in multiple locations to prevent and deter any potential criminal activity. The team have been active with high visibility patrols, interacting with the community and handing out our leaflets; spreading the word about STREETS SAFE awareness. This allows members of the public to report the areas they feel unsafe in. More information about this can be found on the met police website for STREETS SAFE as per the website listed above. The team have increased their high visibility patrols to target hot spot areas for Burglary, Robbery, Drugs, ASB and Motor Vehicle crime, with the aim to prevent, disrupt and deter any criminal activity. Eastcote officers have been busy identifying the suspects involved in the moped ASB in and around Pembroke Estate and are in the process of taking positive action. Our presence is essential and we understand the importance of our visibility in and around our ward. The team will be increasing their community engagements going forward to raise crime prevention awareness especially in the run up to Christmas. Please remain cautious as COVID is still present. Lets keep each other safe. Thank you.

Crime Prevention Advice!

 **BE SAFE**
Keep your
Christmas
presents safe

With our new presents, comes plenty of wrapping paper and empty boxes which showcase our new assets. Where possible, take extra precautions and make every attempt to discreetly dispose of any waste- Break boxes down and ensure we put our rubbish into bin-bags out of sight.

If we're displaying our lovely Christmas tree's in any windows this year- Please do take care when displaying gifts which may be under the tree or in and around your windows as they may be visible to intruders from outside your home address. If your Christmas tree has to be in the window, set this back further away from the glass to PREVENT any outside attraction. We all want to enjoy the festive season this year, so let's ensure we protect ourselves this Christmas.

 **BE SAFE**
Don't publicise
this year's
Christmas gifts

KEEP VALUABLES OUT OF SIGHT!

Don't provide thieves with an incentive!
Thieves will break into vehicles for spare change or other valuables because they see this as a reward! Don't become a VICTIM!
Report any suspicious activity!

 **BE SAFE**

Traditionally this time of year also spikes in theft from motor vehicles. Our advice is simple, do not leave valuables in your vehicle and always ensure you take the time to double check you have locked it.

Items such as- clothing, gifts, handbags/wallets, retail shopping bags, spare change in centre console's, sunglasses, watches, etc need to be out of view if you do not wish to remove them from your vehicle. We care about your Christmas!

Community Engagements
