Dear Ward Member

Please have a read of what the team have been doing.

Hello and a very warm welcome to the Eastcote Safer Neighbourhood Team's July 2022 newsletter. The team have been focusing on Anti social behaviour on the ward. We have received a lot of information from the public about youths on motorbikes travelling around Eastcote causing a nuisance. The team focussed their patrols in those areas. CCTV of these youths on bikes were obtained and s59 warnings were issued to the riders. Since the warnings were issued there have been no further reports received.

The Walk and Talk initiative involves female officers buddying up with women from their communities to go out on patrol in open spaces so that they can hear first-hand their experiences, concerns and reflections. The aim of the walkabout is to start a conversation between the public and officers about their safety concerns and what police can do, working with partners, to address them. If this is something you would like to do please send an email to WAMailbox-Talk&Talk@met.police.uk

You may or may not be aware of the changes to the ward boundaries that have happened recently. Eastcote becomes slightly bigger as we take on most of the Cavendish ward. Cavendish will no longer be a ward in Ruislip. If you would like to know more about the changes please visit the Hillingdon council website.

The team continue to engage with the public by holding surgeries and crime prevention stalls in Eastcote. See the next page for the up and coming events.
